Maitland will take you on a walk to discover silk weavers' houses, street art and street style. You can finish up at the workshop of Eddie Gavriliadis, a young designer who has had his creations worn by Lady Gaga and Kim Kardashian. His atelier is in a converted brewery. After the tour you can have free time to look at the chocolate shops, vintage clothes stores and indie stalls in the area before lunch in the converted crypt of Christ Church Spitalfields.

Afternoon at leisure for shopping.

Visit the world's favourite department store, Selfridges, before it opens to the public. The VIP Director will guide you round some of the store and charm the socks off you with his tales of the store. After the tour enjoy breakfast in one of two world renowned restaurants in-store: The Brasserie of Light or the rooftop Alto.

After breakfast take time for a little retail therapy.

After Selfridges we will visit one of London's leading designers – Jacques Azagury – in his boutique in Knightsbridge.
